First published 1976

Copyright © Neville H. Fletcher, 1976

#### THE AUTHOR

Neville Fletcher belongs to a great tradition of musician-physicists. As a musician, he has played the flute in a number of orchestras and chamber groups and has given broadcast recitals. As a physicist, his work has been in solid-state and cloud physics and acoustics. He is Professor of Physics at the University of New England, Armidale, New South Wales.
